

International Journal of Knowledge Engineering

CONTENTS

Volume 3, Number 1, June 2017

- **Computer and Information Technology**

Semantic Modeling of Internal Audit Field.....1

Stamatios A. Theocharis and George A.

A Comparison Study StegExpose for Steganalysis.....8

Eric Olson, Larry Carter, and Qingzhong Liu

Working Experiences of Planning, Design and Implementation for Software Load Testing.....13

Chen Yiju

- **Knowledge Engineering and Enterprise Applications**

An Integrated Framework to Quantify Strategic Diversifications in Real-Time Enterprise Industrializing

Alliances of Big Data Architecture.....17

Vikas S. Shah

Knowledge Management Support for Enterprise Architecture Development.....25

Adi Wibowo
